Video competition: “Action! – against the TTIP!” – take part now

Are you an amateur or young filmmaker, do you write scripts or do you work as an actor or an actress? Does any of your friends like filming? **Then you should take part in our video competition „Action! – against the TTIP!“.**

You can win a nice prize sum. And above all: **Your film can interfere in the coming European election campaign**, in order to stop the TTIP negotiations of the EU. Please, help us to achieve a political victory for our democracy, environment and health. For further information see below.

The proposed trade and investment agreement with the USA and Canada – TTIP and CETA – present an attack on democratic rights and protection rules on both sides of the Atlantic Ocean. But we are not that far yet! **Even proponents are admitting: TTIP is still in the balance.**

And this is what we want to exploit. There are European elections this spring and no politician likes exposing himself or herself to the displeasure of the citizens. **That's why we want to turn the impacts of the agreements for people into the major election issue. With your help!**

Moving images helps to reach the heart and mind of people most effectively. We would be pleased to see your images making the difference at the European election this year.

How to take part in the video competition:

1. Produce a film. It's up to you which genre and length to choose.
